# *School Counselor coming!!*

PACE is happy to announce that we will have a part-time School Counselor available to our families next school year. Below are some of the services she will provide our families:

- Post graduation planning
- Speak with 8th graders about transitioning to high school
- ASVAB scheduling
- Provide information on and help with scheduling ACT and SAT testing
- Meet with families when requested
- SEL Workshops
- Monthly contact with high school students

## Organizing Curriculum

**Curriculum is being picked and ordered, but what to do when it's delivered?**

I've found that the best way to set your school year up to be the least stressful is to go through each subject and figure out how you want to divide it up. Figure out what breaks you want to take and for how long (ex. Holidays, family birthdays or events, etc.). This will help you figure out where you want to be in each subject at the end of each quarter or first semester. This will help you determine if you are getting work done on time or if you need to speed up or slow down and take a breath. I know the school year can get away from you and coming to the end of the year to find that you still have a great deal of work left to do is no fun for anyone. This little bit of organizing at the beginning of the year will really set you and your family up for a great year.

# **PACE Activities and Events**

**PACE would like to be able to provide more activities for our families, but we need help!**

**If you would be willing to design and lead an activity, PACE will provide guidance and assistance with purchasing supplies and entry fees for events. Some ideas include bowling, swimming, beachcombing, cooking, or maybe you are very creative and would be able to share your talent! Contact your teacher for more details.**
